Google Meet & G Suite Enterprise for Education

Build on the power of G Suite for Education

It is now more important than ever to ensure staff and students can connect and collaborate, while also protecting users' privacy. As an ECNO Member and an OECM Partner, we want to help our education customers get the most out their collaboration tools. By upgrading to G Suite Enterprise for Education, you can create a more secure environment, and empower students and educators by enhancing communication and collaboration to improve the learning experience. With premium features in Google Meet (included in G Suite license), educators can start virtual classrooms with up to 250 participants, livestream events with up to 100,000 in-domain participants, and record lectures that are automatically saved to Drive and easily sharable.

Ease Security Concerns

Protect your data and gain greater control over digital security with advanced tools for proactive risk prevention, detection, and remediation, plus easy data exportation for analysis, insights, and reporting.

Empower Learning

Broaden your communication capabilities, and enable collaborative teaching and learning from anywhere with video. Strengthen student work with enhanced tools that foster authentic thinking and writing skills.

Stay Flexible and Scalable

Manage and scale with robust tools and gain centralized visibility of your digital environment. Solve problems faster and get the help you need when you need it, from dedicated support specialists available 24x7.

Choose the Edition That's Right for Your Institution

G Suite for Education offers a suite of best-in-class productivity tools built for teaching and learning. G Suite for Education is and will remain free for schools. G Suite Enterprise for Education includes all the features in G Suite for Education, plus additional Enterprise-grade capabilities. Google offers full (all users in your domain) and partial (some of your users) domain licenses.
