

Latest OECM Agreements

Click agreement titles to view full details online.

Capital Asset Management System and Related Services

Gain access to Capital Asset Management Systems (CAMS) and related services that support facility managers by providing a comprehensive end-to-end view of your organization's high-value assets, establishing a compelling assessment and building multi-year asset plans. These agreements are for use by colleges and universities.

Electricity Consulting Services

Featuring analysis, advice and commentary on electricity costs and risks, as well as reports to facilitate cost-effective electricity management, and more!

Lighting Consulting Services

Access to agreements that feature a wide range of lighting consulting services and support provided by Professionals, including access to lighting audits, retrofit recommendations, and design services, as well as other optional services such as commissioning, measurements and verification, project management, procurement support, and development of lighting standards.

Lighting Contractor Services

Access to agreements that feature a wide range of lighting contractor services and support provided by skilled and licensed independent lighting contractors. These agreements include access to installing new lights, lighting fixtures and controls, replacing and/or retrofitting existing lighting fixtures, removing and safely disposing existing fixtures and other lighting components.

Translation, Interpretation, and American Sign Language (ASL) Services

Get access to multilingual professional translators for simultaneous, consecutive interpretation, and American Sign Language (ASL) services. Additional services include translation memory services, phone and video remote interpretation services.
